

Become a Savings Advocate with Medix Pharmacy  
**Referral Rewards Program**

**Earn 5% of your friends purchases**

**PLUS**

**Earn 2.5% of their friends purchases**

Find out how customers just like you can earn rewards by simply saving money for yourself, your family and friends.

## Cash Rewards

Our Medix Pharmacy Referral Rewards Program is designed to easily and accurately earn you cash rewards when you share your Medix Pharmacy experience with others. To get started simply setup an account and place at least one completed order. Then earn a percentage on every order that is placed by your family and friends you have referred.

You will be able to use your rewards dollars towards future orders or we'll simply send you a check for the reward money to thank you for being a savings advocate for Medix Pharmacy. It's entirely up to you!

## How It Works

**Lauren** has ordered at least once with Medix Pharmacy and can now earn some referral rewards by referring her friends. She has downloaded and printed the Referral Rewards Program kit to show her friends **Mark**, **Jonathan**, **Sarah**, and **Monica**. It clearly illustrates how much she and they will save buying medications from Medix Pharmacy.

**Lauren's** friends will receive a 25% discount off their first order, and all of the friends they refer will also receive a 25% discount off their first orders.

**Lauren** now earns 5% of the value of every order that her friends place with Medix Pharmacy, and an additional 2.5% of the value of every order that her friends' friends place with Medix Pharmacy. So the opportunities to earn or save are endless! **Lauren** can use the money she earns from Medix Pharmacy to pay for her own orders or she can choose to be paid in cash. **It's Lauren's money that she's earned by telling her story and helping her friends save money on their medications**, so the choice is up to **Lauren** what she decides to do with the money.

# Frequently Asked Questions

## How do I sign up my family and friends?

As long as you have completed at least one order with Medix Pharmacy, you can simply have them send us the attached New Patient Order Form completed and signed, or you can also send an email to your family and friends from our website by going to [www.medixpharmacy.co.uk/referralrewards](http://www.medixpharmacy.co.uk/referralrewards) – **when any of your family members or friends places their first order with us, you'll start earning referral rewards!**

You can also ask your friends or family to call us toll free **1-866-500-6633** and provide one of our customer service representatives with your name when they place their first order and they will receive their 25% discount off their first order.\*

## How much can I earn with Referral Rewards?

There is no limit on how much you can earn! We want you to tell all of your friends and family about Medix Pharmacy! We believe that everyone is entitled to affordable drugs and should know how to save money on their life saving prescription medications. We want to thank you for sharing our invaluable service and will reward you for your referrals. Earning rewards is easy. The more people you sign up with Medix Pharmacy, the more you earn. As a further benefit, if your family and friends start signing up their family and friends, your earnings will increase exponentially!

## Can I use my referral rewards for my medication purchases with Medix Pharmacy?

Yes, of course! When you call us to place your order, we will let you know how many reward dollars you have saved up and we'll offer to take that off your purchase so you can save even more money on your own medications.

## Will you be able to send me a check with my rewards dollars?

We can send a check upon request once you have earned more than \$50 in Referral Rewards given the high administrative and mailing costs associated with preparing and mailing a check. If you want your referral rewards to be sent to you in dollars, you may request for the amount to be sent to you as a thank you check from Medix Pharmacy. The money is yours – you earned it!

## Am I charged a fee to redeem my referral dollars?

There is a \$10 administrative fee if the check is lower than \$200. Please note that the fee is intended to cover the mailing and administrative costs associated with mailing the check to you. There are no fees to use your rewards towards purchases.

## Are my reward credits transferable to my spouse's account?

Yes, of course! You may transfer any of your reward credits on your file to another file.

## Why can't you add or return my referral money to my payment method?

We introduced the referral rewards program with the intention of helping you to reduce your medication costs while at the same time helping your family and friends reduce their medication costs as well. We are unable to refund any reward credits to a bank account or credit card.

\*Up to a maximum of \$1000 USD.
